Dear Sir

I just obtained the certificate of licencie in Political Science, Diplomatic option, at Brusses University.

For four years I know Shree Rajneesh and follow his teachings. I consider him as an extraordinary person. His teachings are of great importance for survival and reconciliation of humanity. He has brought me much balance for my studies and my personal life. Men of such a positive quality are not so many known on this planet. I think the United States are happy to have him teaching on their territory.

Respectfully yours,

J. Becker
