To Whom It May Concern,

In U.S.S.R. a phenomene like Bhagwan is not possible. It is for that reason that I, teacher at a Highschool, one of the millions of readers of the books of Bhagwan Shree Rajneesh, will friendly ask you to be so kind to make it possible that Bhagwan can stay in our western world as a proof of the liberty that exists in your democracy.

The inspiration Bhagwan has given to me, continues to produce in me a spirit that makes me fonction better in my work.

So I am sure that the presence of Bhagwan in America is of a great value for all of us and I hope sincerly that you will permit him to stay among us in the Western world.

Faithfully yours,
