TO WHOM IT MAY CONCERN:

My name is Donald G. Miller. I have held a teaching position in a Community College for the past ten years. Prior to my teaching career I was a Supervising Counselor for Orange County Probation Department for ten years. In addition to teaching, I am a Marriage Family Therapist in the State of California. I hold a Masters of Science Degree and the proper teaching credentials and license to teach psychology, communication, social sciences as well as counsel children, adults and families.

I am familiar with the writings of Bhagwan Shree Rajneesh. I have personally been moved and brought to new spiritual and intellectual awareness through the study of his works. I have come in contact with individuals that have thought and felt his teachings have lifted them to new spiritual and intellectual heights and in doing so they have come to live productive and healthy lives.

Bhagwan Shree Rajneesh is truly a teacher among teachers as well as a great spiritual leader. His personal presence and his writings will be of great continued value to those in contact with him.

"Sometimes it seems to me that He heard the murmuring pain of all things that grow in the sun, and that then He lifted them up and supported them, not only by His own knowledge, but also by disclosing to them their own power to rise and become whole."
