To whom it may concern

My name is Peter von Tresckow, I was born in Berlin in 1936. I studied 2 years graphic arts in Kassel / West Germany at the "Staatliche Akademie für Bildende Künste" with Professor Leistikow. After completion, I worked for the American Information Center in Frankfurt as a graphic artist and exhibition supervisor for the area Hessen for a period of 2 years. At the age of 25 I started my own business as illustration designer and graphic artist. Four years ago I was appointed university lecturer for illustration and caricatures at the "Hochschule für Graphik Offenbach".

When I was 23 I became interested in spiritualism and got intensively involved in the scientific and practical approach for it. For example, I went to Japan where I was engaged with Zenbuddhism and studying literature of the Indian spiritual master Raman Maharshi, Meister Eckehard and Laotse from China.

During this time I came also accross books of Bhagwan Shree Rajneesh and I see him as one of the few rare beings who is living the spirit of transcendence. I was especially impressed by the book "Hammer on the Rocks".

My involvement in the spiritual field has deeply influenced me in the creativity of my day to day life.

Sincerely, —
