

TO WHOM IT MAY CONCERN

Dear Sirs:

I have been a Television Broadcast Engineer for many years and have come to Bhagwan Shree Rajneesh through his books and video tapes and I feel that this man is the greatest spiritual leader of our time. In a job with a history of ulcers, alcoholism and high divorce rate, through Bhagwan's meditations I have become less stressful, more communicative and more relaxed in my work.

Bhagwan Shree Rajneesh is a spiritual leader and we are extremely fortunate to have Him here in this country and now we need to keep him here.

Sincerely,

Dennis A. Atwood
