To Whom It May Concern,

I am a disciple of Bhagwan Shree Rajneesh and I hold a degree in Fine Arts. For both these things I am very grateful. Bhagwan is a man with unlimited exceptional qualities. My experiences with him, both personal and work related are extremely vast, and something that I will cherish for my entire life.

His Vision is what I want the whole world to hear and understand. I feel my attitude to life in general has changed dramatically, by this I mean that he has helped me to hurdle what I once would have thought was a great personal problem into seeing that in fact we are all part

of the 'whole' and that we are all here to love, communicate and respect each other.

He is teaching me something very beautiful, something that Jesus spoke about however the christians, have not as yet been able to fulfill. In turn I am able to communicate this to my students and respect them with the same amount of love and joy. This is my way of passing on his vision to the rest of the world. The children respond gratefully with this large amount of love, understanding and freedom. Gone are the days of children being told what to do, they know that its time they took responsibility for their own lives. They know what they want at an early age and with the help of Bhagwan's vision I have been able to help them, develop their creativity, and their personal needs.

Our religion, with all Bhagwan's love has been able to fulfill his vision so far,

the amount of love and joy that happens when we're all gathered together is something that nobody can afford to miss. Bhagwan's message is something that will eventually touch the hearts of everyone.

Our Rajneesh Neo-Sannyas International Commune is a totally new concept in living. Although we are spread round all four corners of the globe, we are still a large family with all the love and caring.

The feeling of love that he evokes in us and just to have the opportunity to feel the love more than once in my life is such a gift. I would never have been able to reach this part of my heart without his guidance & his love, and his joy.

He is an exceptional man and I am honored to be a Rajneeshie.

Yours Faithfully

Ma Chandrima P.A Dip Ed.
