

Rajneeshpuram 7/24/81

To whom it may concern:

Being a disciple and lover of Bhagwan Shree Rajneesh I like to tell you, how much being with him changed my vision of love and my activities.

I was born in Germany in 1954. My father is a journalist, my mother a teacher.

Before I started my studies, I was trained to lead breath-therapy and meditation groups, which I was running for several years in Germany.

Right now I am a student of sociology in Berlin.

In 1975 I became a disciple of Bhagwan. Even before I went to Poornima His energy and His meditations

had a beautiful effect on me.

I turned into being more positive, loony and my energy increased a lot.

Especially through listening to Bhagwan's lectures and reading his books I achieved insights and a clarity, which helped my work in groups. enormously!

To experience Bhagwan's unconditional love, his silence and his energy, to see the positive effect on everybody who is close to him is a miracle.

Especially in a world like ours, which is full of competition, wars and in clarity a spiritual master of Bhagwan Shree Rajneesh's capacity, compassion and love is a blessing to everyone.

I hope you will be able to help
our spiritual Master Bhagwan Shree
Rajneesh to continue His work, which
is already flowering beautifully.

Yours sincerely
