To whom it may concern:

My name is Sat Arya. I am a secondary school teacher. At the moment, I work in the city of Rajneeshpuram.

My first contact with Bhagwan Shree Rajneesh was in Puerto Rico about one (1) year ago, thru a video. In that very moment, I knew that Bhagwan was my spiritual guide, and He gave me the privilege of accepting me as His disciple.

In Bhagwan's silence I feel His presence and His direction. His words come as inspiration to the most inner part of my being, without any need of hearing them with my physical ears.

I am very happy to be working at Rajneeshpuram. For the first time I feel the ~~joy of living in an environment of~~ joy of living in an environment of peace and the brotherhood and understanding. He is transforming my life.

Words are not enough to describe what is happening here. Any person that without prejudice could visit us, would concur with the positive energy which emanates from here. And this is because of the presence of a living Master who is here to give love and direction to this humanity, as other spiritual Masters have done: Jesus, Buddha, Mohammed, Lao Tzu, and others.

Shagwan is a Master of this age. It is a fortune and a great privilege that an enlightened Being has chosen the United States as the place to develop His work.

Sincerely

Ma Sat Saraya
