To whom it may concern.

I have a degree in massage and physiotherapy and worked in hospitals and private practice in my home town Berlin for the past 2 years. Now I'm a visitor to Rajneeshpuram to be with my beloved master and religious teacher Bhagwan Shree Rajneesh. I'm astonished to hear, that his residence in the U.S. is not granted yet. Therefore I would like you to know that this great religious teacher - by words and in silence - influenced my whole life, work has become more easy and effective, family and friend relationships more lovingly. I've become in fact a better christian - Bhagwan Shree, teaches from the same level of consciousness as Jesus Christ. Bhagwan's presence would be benefitting any country of the world, but a spiritual leader of his caliber can save the planet best as a resident of the most powerful and democratic country in the world, which has an unbroken tradition of religious freedom. Also I studied psychology and worked with disadvantaged children, I'm a musician and painter. In all these fields I've been performing with more pleasure and efficiency since I practice some of Bhagwan's meditation - techniques and growth-therapies. Please do everything to allow

this religious teacher and great human being
to continue his work in the United
States.

Yours sincerely,

Swami Anandgeet.
