To whom it may concern

I have a degree in Economics from the University of Padua, and for eight years I have been a high school teacher in Italy.

I have known Bhagwan Shree Rajneesh for the last four years, through his books, and through his audio- and video-tapes. His extraordinary knowledge of humankind in all its manifestations, his philosophy and his techniques, have helped me tremendously in my work.

Each year I am in touch with about two hundred and fifty students and their parents. My relationship with them has become increasingly easier and richer and, in addition, with better scholastic results.

And all this has been thanks to Bhagwan.
