TO WHOM IT MAY CONCERN:

I am a business woman who owns the Design Center, and though I am not a follower of Bhagwan Shree Rajneesh I am writing in support of his freedom to stay in this country,

I have a number of friends who are disciples of Bhagwan; they are all responsible, intelligent citizens.

Bhagwan Shree Rajneesh has published over 300 books which are widely read; his works have influenced psychology, religion, and philosophy. His vision is of a new world - a world of peace and freedom.

Sincerely

Anncha Briggs
