To whom it May Concern,

I have been a penpals of Bhagwan
Shree Rajneesh for several years. Through
his insights I have been benefited immensely,
both personally and in my occupation
as a social service consultant and
guidance counsellor. That he is a man of
exceptional abilities is an understatement -
through his views on therapy, personal
growth, science and religion many new doors
have opened for me. A man of his
vision should be welcome anywhere - I am
continually learning and benefiting by this
remarkable man.

Sincerely,

Primi Veni Gopal
