

August 7, 1983 - Rio de Janeiro - Brazil

To whom it may concern
I'm datiloscopista policeman in this city.
I knew Bhagwan in courses of Bio-
energética.

Through meditation I felt a called deeper in my heart. Do not mind that he doesn't speak but what he transmit. Thus I went to Oregon in 1982 and took ramnyas.

Then I became me person very happy through his vibration.

I'm joint to him for love and for heart.

Love
