To whom it may concern,

This letter concerns Bhagwan Shree Rajneesh and what He means to me.

I am almost three years a follower of Him. He is my spiritual master and my inspirator. In July I went to Rajneeshpuram, His commune in Oregon.

He created a real Buddhafield where people discover themselves and are given a chance to come to their innermost core.

His energy is so strong that it is felt in the whole commune, it is wonderful how the people there relate to each other and how much beautiful work is done there.

For me it was a gift to be every morning in Bhagwan's company together with 15.000 other disciples, where Bhagwan shared His energy with us, which I feel stronger now He is in silence than when He was speaking.

For me Bhagwan means very much because I feel that He has experiences beyond life and death; that makes that I feel that all is good as it is when I am with Him. I live and work in the sannyasin commune in Amsterdam and try to become more aware by living, working and meditating in the commune inspired by Bhagwan Shree Rajneesh.

Yours faithfully,
Anand Daya
