

To Whom It May Concern :

For two years now I have lived in ashrams of Bhagwan Shree Rajneesh. I have been interested in religion since puberty but it was never more than an idea. Only these last two years (I am 39 now) have I found what it means to live in the radiance of an alive master. I feel so much love from him and so much inner growth is happening to me.

This year I have visited Rajneeshpuram (as I did last year) for the festival. Seeing Bhagwan and being with Him together with thousands of fellow-sannyasins is an intense religious experience, like last year I feel the effects of it very strongly.

My whole life is totally dedicated to Bhagwan. Seven days a week from morning to night I do His work which for me consists of cooking and cleaning for the people who ~~to~~ live in the ashram.
