To whom it may concern,

I have known Bhagwan Shree Rajneesh for six years. After he went into silence I became one of his disciples. It wasn't until after he went into silence that I felt really drawn to him. It is hard to put into words what happens to me when I am in his presence. But he speaks to me, by touching my heart. If I want to hear his words there are hundreds of books and video and audio tapes I can look at. Everyday I have fewer questions and more acceptance of how things are. This has been the most beautiful message Bhagwan has given me. I have stopped asking why and trying to change life because it doesn't matter why and life changes all by itself. It is wonderful to see him on video or to read his words in books but the most amazing changes have happened to me when I'm sitting at his feet or watching him drive by on the road at Rajneeshpuram. Until I became a disciple of Bhagwan's, my life was very sad. Being with him is the most beautiful and exciting thing that has ever happened to me. He has shown me more in his silence, said more to me than anyone ever has with words.

Sincerely,

Ma Amaro Lisbeth
