To Whom It May Concern:

I am writing this letter to express my respect and admiration for Bhagwan Shree Rajneesh.

I am an irrigation consultant in San Diego and a member of the organizing committee of the Southern California Irrigation Council. In my 14 years of designing and educating in this field, I have met no one more open to the use and development of irrigation and water conservation practices. In time this will be very beneficial to the advancement of agricultural irrigation in the district.

Although I am not a follower of Bhagwan, I have a great deal of respect for many of his ideas, especially his understanding of living in these times.

Thank you for your attention.

Sincerely,

Jay Inglis
