TO WHOM IT MAY CONCERN:

My name is Leonard Orr. I am a United States citizen and college graduate. I started a movement teaching conscious breathing, which is also called rebirthing, which today reaches ten million people.

I also started a fundamental movement teaching people to be successfully self-employed called the Money Seminar. This information has reached over one million people through my seminars, tapes and books, which have been published by my students. The two most popular books are Moneylove by Jerry Gillies and Money Is My Friend by Phil Laut, a Hawaii Business School graduate.

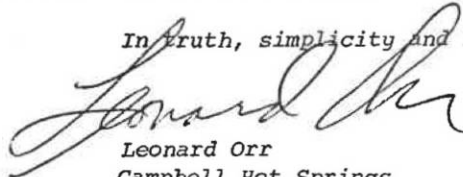

In my opinion, Rajneesh is an exceptional and outstanding person. His continued presence is desirable in the U.S.A. for several reasons:

1. His books and teachings uplift and inspire people.
2. His books and ideas support freedom of thought and freedom of religion.
3. His movement supports ecological awareness.
4. He stimulates personal integrity.
5. His living example exemplifies leadership.
6. His presence and perspective in our democracy supply a valuable balance.

I don't agree with all the methods that are used at his ashram; however, he does give people permission to be themselves.

Please feel free to contact me for further information.

In truth, simplicity and love,

Leonard Orr
