The Immigration and Naturalization Service

To Whom It May Concern:

This letter is an appeal for the continued residence of Bhagwan Shree Rajneesh in the United States.

I have been a librarian for eight years. I received my Master of Science degree from the University of Illinois in 1975. Since that date I have begun and directed the library of the Legal Assistance Foundation of Chicago, directed the reader advisory department of the Park Ridge Public Library in Park Ridge, Illinois, and am currently directing the reference/information services department of the Owen Graduate School of Management at Vanderbilt University in Nashville, Tennessee.

I became acquainted with Bhagwan Shree Rajneesh through his books. With over one hundred books in print, Rajneesh is a particularly prolific author who speaks to a wide audience on many aspects of life and spirituality. In addition, he synthesizes and presents many of the venerable Eastern religions and philosophies in a form that Westerners find readable and understandable. To my knowledge, this is the first time that an author has presented such a broad body of information in such a palatable form.

Apart from any other issues surrounding the presence of Bhagwan Shree Rajneesh in this country, his unique and significant contribution to the body of religious/philosophical literature should warrant him a warm welcome and peaceful residence in the United States.

Sincerely Yours,

Susan Suhadolnik
