To whom it may concern,

I, Ada (Alida Katharina) Vroegindeweyj, born June 22, 1948 at Dordrecht, The Netherlands, being duly sworn, do depose and say as follows:

After grammar-school I finished Library-school and qualified for teaching Dutch language and literature. Through various kinds of jobs, during eleven years, I got acquainted with many aspects of society. Now I am for five years employed as a librarian by the County Government of Groningen, The Netherlands.

May 1982 I came into touch with Bhagwan Shree Rajneesh, by a massagist, who is a disciple of Him. For years I have medical complaints, for which no regular therapy existed. Even psychiatry could not help me, because I was too intelligent, as they said. So I had to do it myself and tried all kinds of alternative therapy. The above massagist made a start for dissolving my medical complaints, a process of growth, which I am still working on. Bhagwan Shree Rajneesh doesnot give any medical therapy, but he gives exercises and techniques (e.i. meditation) which have a therapeutic effect.

Although I do not recognize Him as my Master, I consider Bhagwan Shree Rajneesh a person whose exceptional qualities have a favourable influence on many people. I consider Him a predecessor of a new era in which people will live in mutual understanding, on an earth which, thanks to high technology, is cleaned from environmental pollution.

The above is within my knowledge and belief, and if called upon, I would competently testify thereto.
