TO WHOM IT MAY CONCERN

I am a physiotherapist working in my profession since 1978. I am a member of the Board Of Physiotherapists in Germany (Zentralverband für Krankengymnastik). I have experience in working independently in a private clinic as well as in hospitals. I have also practised in London, England.

My meeting with Bhagwan in 1979 brought a totally new dimension to my work. This does not concern the techniques of physiotherapy, but the quality of the contact with the patients and their relating to their illness. His vision about death, greatly helps me in giving peace and relaxation to seriously ill people. Also, in working with the severely handicapped, love and happiness is part of the treatment.

Bhagwan is a spiritual leader with a worldwide impact and there is no doubt that his influence among therapists, healers and doctors is rapidly increasing. Bhagwan emphasises the spiritual aspect of healing. I am particularly impressed by his beautiful words: "Love is the only healing force."

Sincerely,

Christine Müller
