

Hamburg, den 21.

To whom it may concern!

My name is Gesine Hennings, I am 45 years old and live in Hamburg.

I have a degree from a design school in Hamburg "Meisterschule für Mode."

I use my designing abilities in my boutique "Patchwork". My interest in patchwork design and my ability to create such works has made my boutique respected and opened a new dimension and field of interest here.

Patchwork is a very new and expensive extraordinary thing here in Germany.

I have been taking part in the activities of the Bhagwan Centre here in Hamburg since one year and during this time my creative abilities have been greatly inspired! A great deal of this inspirat.

has come through the teachings of
Bhagwan through his books. My
visit in Oregon in July of this year was
a confirmation of where this inspiration
comes from: Bhagwan himself!
