To whom it may concern -

As leaders of a human growth center in southern Switzerland, we use meditation techniques of Bhagwan Shree Rajneesh in our development workshops and training programmes.

We are trained certified psychologists and consider many aspects of Bhagwan's work and teaching as very useful in our own work with people in therapeutic and teaching areas.

We got acquainted with Bhagwan's work when meeting him in Poona in 1976 and 1977. Although we do not consider ourselves as sannyasins and hold our workshops and therapies independecently from Rajneesh Centers, we still look at Rajneesh as one of the most skilfull spiritual teachers, whose influence on our lives and work has in many ways been considerable.
