TO WHOM IT MAY CONCERN

This is the second letter of such that I have written because my feelings and experience is so strong.

My own qualifications in the arts include performing professionally as a mime and clown all over California (San Diego, Los Angeles, San Francisco). I studied dance, movement and children's theatre at San Diego State University and have been teaching my art professionally for five years. Most of those five years have been guided by the presence of Bhagwan Shree Rajneesh. The effect of Rajneeshism on my art has been tremendous. Through meditations and Bhagwan's emphasis on dance, my personal experience of my art form and that expression has really taken a jump into professional quality.

In California, I have studied pantomime under Antonin Hodek and also with Richmond Shepherd. Bhagwan has taken all technique and information of movement and integrated it into my being and into the world as a contributing art form.

My own experience reflects and relays Bhagwan Shree Rajneesh as an exceptional man in the sciences and arts, and to further write and express my qualifications towards the need of Bhagwan in the community of Rajneeshpuram.

I have performed numerously here in the city of Rajneeshpuram, much to the delight of everyone in the audience. Without the presence of my beloved master Bhagwan Shree Rajneesh, the capacity of enjoyment between myself as an artist and the audience would never have reached the level that it has. Also working in a variety of skills here at Rajneeshpuram has widened my spectrum of performing and greatly enhanced my art form.

Sincerely,
