

MA ANAND ATITA
Keienveld 44
2000 Brussels
BELGIUM

July 25, 1983

TO WHOM IT MAY CONCERN:

I am working in the educational services of the Royal Museum of Art and History in Brussels, Belgium. My specialty there is Oriental Art and Culture. This brought me in contact with contemporary Eastern thought and religions. So I came across this living philosopher and master, Bhagwan Shree Rajneesh.

I was touched by his comments on Art, Religion, Psychology. It changed my vision on life, work, society, and I became a disciple of his.

By my last visit, the Second Annual World Celebration in Rajneeshpuram, I have seen even in simple moments, his influence, i.e. his daily drive by. Everybody lines up and for half an hour all activity in town stops; everyone comes in touch with his own being.

I would like to ask you to consider his application for staying in this country.

Yours sincerely,

Ma Anand Atita
