I Phulchand Bagmar age 46 years residing at 99/2 Yerawada, Pune-6 ~~who~~ hereby state as under:

~~that~~ that I met Bhagwan Shree Rajneesh in 1963 and listening his discourses, reading his books and practising his meditation techniques since then. There is a great change in my life because of his teachings. My life has become joyful and peaceful. I am more tranquil~~ed~~ and have deep feeling for others. My possessiveness <sup>has</sup> also become less and less and friendly attitude for everybody has increased. In my profession my clients also feel a change in me to a greater extent. This I attribute to the teachings of Bhagwan Shree Rajneesh and meditation techniques taught by him.

According to me he is the real world teacher today on the earth and has a tremendous capacity to bring ~~the~~ <sup>the</sup> his desirable changes in the lives of human beings.
