To Whom it May Concern,

I first discovered Bhagwan Shree Rajneesh through His book "The Song of Being". I became involved with His love, acceptance and calmness. I could not stop my tears.

I was amazed that this kind of man could still exist, it made me feel really beautiful to be alive. I was so glad to find Him.

On October 23rd, 1981, I became a disciple or sannyasin of Bhagwan's. Now He is in silence. I understand the many things that His silence says, and that silence is His true teaching.

I feel grateful to Him and to His work.

Reiko Yuasa.
