TO WHOM IT MAY CONCERN

I, Elvira Rodriguez Alonso, School Teacher Graduated by the Autonomous University of Madrid at the year 1979 and Graduated in a four years Body Expression Summer University at Madrid, want to state the extraordinary personality of Bhagwan Shree Rajneesh and how much he has influenced my professional and daily life.

Professionally he has enriched my everyday's contact with children helping me to consider a child as a subject of spontaneity, love and natural potentiality to grow with and not as a object to stuff dead knowledge in.

Personally I came in touch with Bhagwan Shree Rajneesh through his books and lecture tapes and also through his disciples who carry out his outstanding outlooks into practice day by day transforming life into love and care for each human being.

For all that I give my international support to the exceptional ability of Bhagwan Shree Rajneesh in the field of Science and Arts.
