

TO WHOM IT MAY CONCERN.

In July of this year I was a visitor in your country on the occasion of the second annual world celebration in Rajneeshpuram, Oregon. I would like to sincerely thank the people of the United States that this could happen in their country.

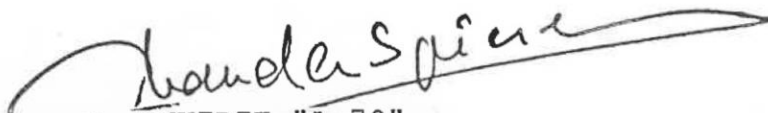

Now I heard that Bhagwan has not yet got his permanent visum to stay in the U.S.

Being a teacher of Roman Catholic religion in Belgium for more than 20 years, I can only admire Bhagwan's important teachings. I have read a lot of his books, which provide a real alternative to create a new happy world and a new manhood.

Please give Bhagwan Shree Rajneesh the space to work it out. Thanks to him I am doing my job with much more love and responsibility and I now understand Christ and his work much better.

Sincerely yours

Van der Spieren Christiane
