To whom it may concern:

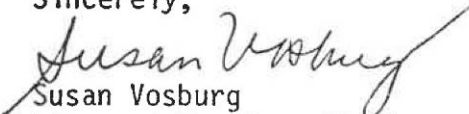

I want to share with you my respect for the community of Rajneeshpuram and Bhagwan Shree Rajneesh. I am a Licensed Tax Consultant in the state of Oregon. My business, Forest Grove Tax Service, centers on tax preparation and accounting for small corporations and individuals. Enclosed is a resume of my professional experience.

I managed the consulting contract that Rajneesh Neo-Sannyas Commune had with Solar Resource Service and accounted for the various sales and invoices necessary. I was impressed with the accuracy and promptness of payments by the commune. Several of the accounting and purchasing staff members are professionals in the field, yet even those new to this role did an excellent job.

I attribute the quality of work to Bhagwan's teachings that life is to be lived to the fullest, therefore every difficult task becomes a playful challenge. The people I worked with are highly motivated in their goal of creating a fiscally responsible community.

My husband and I became sannyassins realizing that Bhagwan's approach to life has shaped this incredible labor of love, Rajneeshpuram.

Sincerely,

Susan Vosburg
