To Whom It May Concern,

I am the Vice-President of the Samadhi Tank Co., Inc., and have had the pleasure to do business with Bhagwan Rajneesh both in India and in this country. Our business dealings have been excellent and warmly appreciated.

In addition, I have read some of his books, and I believe his teachings enrich the spiritual life of this country.

I urge you to allow Bhagwan Rajneesh to stay in the United States of America as a benefit to the religious and spiritual life of our country.

Sincerely,

A handwritten signature in cursive script that reads "Lee Perry".
