TO WHOM IT MAY CONCERN:

I am writing this in behalf of Bhagwan Shree Rajneesh. I firmly believe, both personally and professionally, that he is a man of exceptional qualities and that he is an asset to people in this country.

My field of interest is humanistic psychology and, along with 17 years of applied experience, I have acquired a B.A. in Psychology and Sociology, a M.A.Ed. in Guidance and Counseling, and a Ph.D. in clinical, counseling, and school psychology. I am currently in private practice and focus primarily on corporate fitness in particular and "wellness" in general.

My appreciation of Bhagwan Shree Rajneesh stems from both his writings, which I greatly appreciate, and his influence on friends of mine who have grown tremendously in their understanding of providing human service skills.

His approach to human behavior represents one of the best integrations of humanistic psychology I have encountered. We would be derelict as a country to not provide a place for a man of his stature.

I strongly encourage doing whatever is necessary to provide Bhagwan Shree Rajneesh residence.

Very truly yours,

Roger W. Abernathy, Ph.D.  
Vice-President
