TO WHOM IT MAY CONCERN:

I have been a teacher in adult education and in secondary school education for twenty years. I am qualified to teach in British Columbia and in Manitoba. I have an Arts degree from the University of Manitoba.

I first met Bhagwan Shree Rajneesh in India in 1978, having been influenced in my work by his books. He has personally given me advice and counselling which has profoundly influenced my abilities as a teacher, enhancing them immeasurably. I have no doubts as to his incredible intelligence and abilities. I have seen with my own eyes how thousands of people, educators, teachers, administrators have all benefitted from being with him, from reading his books and listening to his taped lectures.

He is certainly a man of international renown and unsurpassed ability as a teacher and a teacher of teachers.

Yours truly,

A handwritten signature in cursive script that reads "Len Goodman". The signature is fluid and somewhat stylized, with the first letter 'L' being particularly large and prominent.

Len Goodman, B.A.
