To Whom It May Concern

Through mutual friends, the Bob Markmans, I have become acquainted with some of the books and tapes of Bhagwan Shree Rajneesh.

As a health care technician in a psychiatric hospital with an associate degree in mental health, I have found his writings helpful in my understanding of people and philosophy.

A person of this high intellect is an asset to our country.

I respectfully request that the passport of Bhagwan Shree Rajneesh be renewed.

Respectfully
Shuley K. Helms
