To whom it may concern,

Since several years I work as a drama-teacher in the educational field. Under my students are mainly young people in the age of 18-22 year, who are trained to be social worker.

I became interested in Bhagwan's work around 1978. In 1980 I had the opportunity to travel to the Bhagwan Shree Rajneesh Ashram in Poona, where I became His discipel. For me, as a drama-therapist then, His teachings and presence were a break-through to continue my work with an immense joy, love and attention.

As well as to me as to many,many others, Bhagwans work as a spiritual Master who teaches us to live life in an immensely happy way, based on the principle of : giving (on individuals and groups), Bhagwan Shree Rajneesh has been and still is of great value, as someone who shares inconditionally his great insights with everyone who comes.

In these days, where we have the choice to make out of this world a hell or a paradise, His work is important as never before.

Sincerely yours,

Ma Dhyan Ida
