TO WHOM IT MAY CONCERN

My husband and myself recently spent a few days in Rajneeshpuram and were very impressed by the general atmosphere of creativity, initiative and goodwill.

We felt well and comfortable in a Community where there was an absence of violence, a sense of tolerance and good-will and a philosophy of redemption and meditation through constructive work. Especially laudworthy, we thought, was their endeavour at rehabilitation of the overgrazed land, their efforts of halting soil erosion, their achievement at water conservation and their success at establishing and maintaining an ecological society.

The religious fervour and devotion of the members of the Commune to Bagwan Shree Rajneesh, which is the motive power for their unceasing labour, is unique. I feel that it would be a great loss to the Community, the County, the State of Oregon and the world at large if Bagwan were forced to leave Rajneeshpuram and the United States of America.

Yours sincerely,

(Mrs.) C. FISHER M.A.
