TO WHOM IT MAY CONCERN

The first time I heard the voice of Bhagwan Rajneesh was through my friend Mr. Vinod Khanna, who is a follower and believer of Bhagwan Rajneesh. The message through that voice was very clear and beautiful. I was engrossed and felt very close to Bhagwan Rajneesh. Second time, I took the cassette from Swami Paul. I again listened to the cassette for hours together. The research and the truth of life and every aspect of the creation in the world was beautifully explained with examples. I have read a lot about Bhagwan Rajneesh. I am looking forward to have the honour of meeting and having his Darshan. I am also looking forward to pay my respect through my music. Now, it will be only possible in America. I am very happy and pleasantly surprised to see the maximum numbers of followers from so many different parts of the world. They have tremendous love, respect and belief. It is a great honour for our country to have such a great holy saint like Bhagwan Rajneesh.
