Dear Sirs,

BHAGWAN SHREE RAJNEESH

As I understand, Mr. Bhagwan Shree Rajneesh is having difficulties with the immigration status in the US. Being familiar with his philosophy and his way of working, I am deeply convinced that Mr. Bhagwan Shree Rajneesh has an important social and spiritual function. I therefore support his endeavor to work in the US, a country whose openmindedness I have been able to experience myself while living in the US.

I am an economist with an emphasis on economic policy.

Yours sincerely,

(Edith Kitzmantel)
