O. UNIV. PROF. DR. M. HOFMANN

TO WHOM IT MAY CONCERN

Ref.: Mr. Bhagwan Shree Rijneesh

As a professor of Business Administration intensively concerned with the human side of enterprise and new developments in work life, I have come across Bhagwan Shree Rijneesh through his books and for couple of years also through his newspaper having been sent to me regularly from India by my brother, who was and is an active member of the Bhagwan movement, now working in Australia. Bhagwan's ideas and concepts have a specific interesting aspect as to my ideas of behavior of people, which must be changed for the future to meet with worldwide problems. Specifically his tolerant and inter-religious ideas are a "must" to be developed, if we will survive over the year 2000.

I hope, that Bhagwan Shree Rijneesh will have a good reception in the USA, his new home place, and I'm sure that his spiritual teachership will be of an utmost fertilizing influence on this continent.

Univ.Prof. Dr. Michael Hofmann
