to whom it may concern

I have been a disciple of Bhagwan Shree  
Najneesh for almost seven years. I used to  
work as a therapist in a psychiatric center  
in Amsterdam, trying to change people, trying  
to make people happier. I have done training  
in neo-reichian therapy, group therapy, psychodrama  
etc. None of these methods have ever  
satisfied me. Always I felt there was  
something missing.

After meeting Bhagwan Shree Najneesh I  
knew what it was.

Nowhere have I seen so many people change  
so much and so fast as in Bhagwan's  
presence. No technique, no therapist can do  
what this man can do with just being.

Just with his love, his clearness, his  
acceptance he makes us accept ourselves  
and others. He doesn't try to change anybody  
and yet in his presence nobody stays the  
same. He makes us see that love and  
understanding are the only methods.

His presence makes the impossible possible.  
Just seeing him on his daily ride even for

half a minute, just feeling His unbelievable Love, witness, is an experience as if a curtain is lifted. The result of this you can see everywhere on Rancho Rajneesh. You can see it in the changes that has happened on the land. You can see it in the building. You can see it in the overflowing energy and delight of all the people worshipping in their work, with no other motivation than love. You can see it in the fact that  $\pm 15000$  people from all over the world moved heaven and earth to make it possible for themselves to come here and be in the presence of Bhagwan Shree Rajneesh for ten days and go back to their countries, nourished by His love.

Do I have to say more, to tell you that Bhagwan is a human being of exceptional qualities? His presence is an honor and an incredible asset to any country in the world. It would be an unbelievable mistake and loss for America to reject His application.

I hope with all my heart that America  
will not make this mistake and miss  
an opportunity to learn something  
so valuable that words are not enough  
to describe it !

Sincerely yours,

Anna and Duff
