To whom it may concern

I have a specialized B.A. degree in Art, Drama and Recreation from San Diego State University. I have performed in various places with a touring theatre group in connection with the Californian Ballet, the San Diego Repertory Theatre, the Orange Company. A highlight was one day's performances for 1600 children with the Orange Company.

Beside the theatre aspect of my experience, there is also ceramics and painting. I have been a self-employed potter as well as working for Orion Pottery. Orion ships their pots to places all over the United States.

One 6 ft. tall woven macrame piece 30" in diameter was shown in an exhibition in Chicago, Illinois. The newest of my work has been full-size, 3 and 4 tiered Shoji screens, painted with bamboo.

After meeting sannyasins and reading books of Bhagwan's, my artistic abilities were high-lighted.

I found the meditations to be incredible warm-ups for the theatre work I did, especially movement and voice. I used music from his meditations as a background for teaching, with great success.

I moved into more improvised work with theatre after being introduced to Bhagwan's teachings, and was quite amazed at the new and original theatre pieces that evolved.

I am truly grateful for Bhagwan Shree Rajneesh's religious teachings, enriching my life and others through the arts.

Sincerely yours,
