To whom it may concern,

I have been a disciple of Bhagwan Shree Rajneesh for 3 years & in this time he has guided me through his teachings & now his wondrous silence to realise my full potential

I have visited Rajneeshpuram 3 times to be with Bhagwan, to feel his love through his silence. I am amazed at the present expansion of the ranch each time. I visit & know it is turning into an oasis in the desert of Oregon. His disciples who live at the ranch work very long hours especially preparing for festivals but the happy and open relaxed ways can only happen because of Bhagwan's inspiration and the energy that is created in his Bhudda field.

Bhagwan is a unique person who can show the path of love & his presence here can only be a benefit to the people of the U.S.A.

love

Dhyan - Patsy.
