To whom it may concern,

I was practising as a doctor for 4 years in different hospitals in Germany, doing surgery, internal medicine, gynaecology and psychiatry. I experienced in that time that health and illness have a lot to do with responsibility and consciousness. On my way for looking for alternatives I met the meditation techniques of Bhawan Shree Rajneesh and was fascinated by them. I experienced a completely new feeling of myself and ~~the~~ got a new base for my work with people. He became my religious leader and I am very grateful for all I got through him.

Sincerely yours

S. Buehard
