To Whom it May concern:

I am a studio-musician, working in lots of different productions over the last years

The first time I came in contact with Bhagwan Shree Rajeech was in early 79 on my studie-travel through India.

I went to see him the first time in one of his Hindi-discourses

It was in the contents of that he was talking about. I didn't understand a word of the Hindi-language. It was his presence, his radiation of clarity, such a being I'd never come across before. I was so happy, so amazed to be able to meet him. Since that time he my whole life, through his vision, my whole approach of music got fundamentally changed. I feel more sensitive in the work in relating to people around me.

Whenever I visit his community in Rajneeshpuram Oregon I feel how his vision is working. Through silence, everywhere around him

Sincerely yours
