To whom it may concern,
love,

I understand that the I.N.S. believe that Bhagwan Shree Rajneesh cannot be classed as a religious teacher unless he is speaking publically. I took sannyas after Bhagwan stopped giving his daily discourses to his sannyasins and other interested people, and have found that being a disciple of Bhagwan's whilst he is in silence a very deep, profound experience - for me, there is no need for the verbal communication.

I trust that you are able to see my point of view and allow Bhagwan to become a permanent resident of America.

His Blessings.
Ma Prem Uija.
