FREMANTLE.

AUSTRALIA.

To whom it may concern,
I became a disciple of
Bhagwan The Synesha. after he stopped talking
publicly and to this day I haven't heard him speak,
this however is unimportant as his message to
me come from a heart felt communion that
is impossible for me to describe. I imagine
it is similar to Christ's message to the
Christians of today as he hasn't spoken for
2,000 years.

As a nation whose constitution
is based on freedom, I am sure that you
will recognize a religious teacher whose
message is of love and freedom and allow
him to reside in your country.

Yours Sincerely
Swami Deva Veerda
(JON HENNING).
