TO WHOM IT MAY CONCERN

I became a Sannyasin several months after my spiritual Master, Bhagwan Shree Rajneesh went into silence. My feeling is that his silence and presence reaches me on a far deeper level than any words he might say to me. I recently saw him for the first time and it was sufficient to be near him. Words are not necessary since the communication is on a heart to heart basis, and I strongly believe that his silence does not take away from him being my Master.
