

To whom it may concern

My name is Swami Advaita Jain. I have been a sannyasin for one year as of Aug, 1, 1983. In that time I have had a very strong religious and personal relationship with Bagwan Shree Raynesh. This relationship with Bagwan has helped me uncover a few more layers of what was, before, a person full of fear and become much more relaxed. It has been a very important part of my life.

The fact that Bagwan has not spoken in a "preaching" way is not relevant to my relationship with him. In fact being comfortable with my own ~~words~~ silence and the solitude of being comfortable with myself has been one of the greatest benefits of our relationship.

I am forty years old, the father of two delightful daughters Bonnie who is 13 and Matsaka, 11. I have been a salesman for a very large computer company since 1974. I am and have carried considerable responsibility for that company and my clients. My father, Thomas M. Price was a Lieutenant Colonel

in the U.S. army until his retirement
in 1954 and death in 1979.

We, as the followers of Bagwan, wish
only to live where we please and support
ourselves. Here in West Australia we have
been a integral part of the community for many
years with absolutely no problems. In adding
to the melting pot of Americas cultures and
religions we expect to bring our richness
warmth and love. We have already made
the local Caterpillar very pleased and we
do our business with no debts to anyone.

I hope your decision will be to allow
Bagwan to stay in the U.S.A. Whatever
you do remember we love you too.
