To Whom it May Concern,

I would like to draw your attention to what a man of exceptional ability Bhagwan Shree Raynesh is. For me personally he is a constant inspiration. I have traveled for many years and worked in different countries and never before have I experienced such love and dedication with which we all work here. For us it is our worship, our devotion to this man who inspires so much love in us all.

He spoke to us for many years, now is our time to live his teachings - to say yes Bhawan this wonderful experiment is working. I am a taxi driver here in Rayneshpuram, and it brings me in contact with his disciples working in various activities, to experience the total dedication with which we all worship. Meals are prepared with love and care, as if each person was preparing food for his or her lover. I have watched and known this come from Bhagwan's inspiration and I feel Him very strongly in my heart. No matter what I do here - have my hair cut - have a bottle

typed, His love guides each of us to do a better, more beautiful job than we ever imagined we were capable of. Each day as he drives by is a joy and inspiration to us and a chance to say "Thank you Bhagwan with all my heart for making this wonderful place possible."

How this place works is totally different to any place I have ever lived in that everybody is happy doing what they are doing, and we all know that it is not what we do that is important but how we do it, with totality, with love, with a deep knowing that the more you put into this simple chore the closer you feel to Bhagwan.

You may be aware of the festivals we have every July when Bhagwan comes out to sit with us in heart to heart communion. This for us is a most beautiful experience, all the words have already been spoken ~~then~~ now there is His ever abundant love that fills us all during this period, and inspires us daily

Love
