To Whom It May Concern,

It's appalling that there are people who believe that Bhagwan Shree Rajneesh does not qualify as a spiritual leader.

This July, I made my 2nd religious pilgrimage to Bhagwan in Oregon where, for seven days, I and thousands of others sat before him in silence each morning for Satsang and one evening for Darshan.

This heart to heart communication between the master and his disciples is very precious. It's more powerful than sitting for a discourse.

I'm grateful that Bhagwan Shree Rajneesh is in America and I pray that he will be allowed to remain here permanently.

Yours Sincerely,
